

Reading Comprehension

Read the below paragraph and then answer the questions very carefully

I love helping my mom with household chores. Every morning, I help her set the table for breakfast. After eating, I put my plate in the sink and help her clean up. On weekends, I enjoy cooking simple dishes with her, like making sandwiches and squeezing fresh orange juice.

I also help in dusting the shelves and keeping my room tidy.

I also like helping my dad and my younger brother. Sometimes, I assist my dad in washing the car and ironing clothes. When my little brother has a school project, I sit with him and help him cut and paste pictures. Helping at home makes me feel happy and responsible!
